			February 2024 > May 2025		
	4 terms	£26,040	June 2024 > August 2025	i	2 terms of Extended English and Skills modules

* **UKVI IELTS alternatives:** we can accept other tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts
IELTS exceptions: selected degrees might have higher English language requirements for entry to the International Year One. See our online Degree Finder for details: kaplanpathways.com/brighton/ug-degrees

Please note: students applying for this course will need to present a portfolio as part of the admissions process.

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/brighton/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

Common modules taken by all students:

- Architectural Design 1 and Communications
- Design 2
- English for Academic Purposes
- Humanities
- Technology Principles

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

i Optional integrated online internship

For selected course options and just a small extra fee (maximum £1350), you can take an internship as an additional final term while at the Pathway College in the UK. You will:

- apply and further develop your English language in a professional setting
 - build real-world experience related to your degree subject at university
 - gain additional career skills and experience and boost your CV before your degree
- See the undergraduate module summaries section for more details.

Extra support: for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

Students with at least UKVI IELTS 5.5: you can take a 2.5 or 3-term course, typically with Enhancement modules to maximise your university preparation:

- Art, Design and Media
- Critical Reading, Writing and Reasoning for Higher Education

Plus up to 2 of these modules:

- Contemporary Art in Context
- Digital Applications
- Preparatory Statistics
- UK Society and Culture

Students with less than UKVI IELTS 5.5: you will typically take Extended English and Skills modules to improve your English language and academic skills.

Students with UKVI IELTS 4.5-5.0 will typically take:

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:

- English for Academic Study 2 and 3
- Independent and Collaborative Study
- Reading and Writing 2 and 3
- Speaking and Listening 2 and 3
- Study Skills Preparation

Contemporary Art in Context

Review the key movements and practitioners in the 20th century within your field, considering trends within historical, political and cultural contexts.

Contemporary Global Issues

Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

Creative Practice and Portfolio

Research the work of selected practitioners in your field, responding to and evaluating their work, in your own illustrative portfolio.

Critical Reading, Writing and Reasoning for Higher Education

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

Design 2

Gain an understanding of a range of architectural aspects, develop design strategies, and produce a design for a small or medium-sized building.

Digital Applications

Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

Economics

Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Entrepreneurship

Familiarise yourself with concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

Entrepreneurship and Business Development

Develop practical business skills through team-based planning and by exploring the ideas of enterprise and entrepreneurship.

Extended Project

Plan, carry out and report a project, choosing a topic that matches your degree and career goals, and personal interests.

Historical Perspectives

Gain an overview of the historical context of your chosen field of study and develop an awareness of changing focus over time.

Humanities

Explore the history and theory of architecture, including in socio-political, environmental and cultural contexts require for professional success.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Information Technology

Discover the key concepts of computer science, including data representation and programming languages.

Intermediate Digital Applications

Develop skills in problem-solving and creative practice using a range of software packages relevant to your field of study.

Intermediate Mathematics

Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

Logic and Critical Thinking

Explore concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

Management Accounting and Financial Analysis

Explore management and financial accounting issues, as well as process costing, pricing and profitability analysis.

Marketing in the Operational Context

Gain an understanding of international business processes, and the effects of marketing activities on organisations.

Mathematics

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

Organisational Behaviour

Explore the fundamentals of organisational behaviour, and trends in organisational environments, structures and designs.

People, Culture and Society

Learn about the history, theories and issues that relate to human culture and society around the world.

Physics

Gain an understanding of areas such as astrophysics, electromagnetism, mechanics and thermodynamics.

Preparatory Mathematics

Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science

Gain an introduction to core scientific knowledge and the subject-specific language required to study the sciences.

Preparatory Statistics

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Quantitative Methods for Business

Learn about quantitative techniques, and gain analytical and evaluative skills that are needed in the modern business world.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Statistics

Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

Technology Principles

Study principles of various technologies applied in the construction industry and by built environment professionals.

UK Society and Culture

Learn more about the culture and society of the UK, and how it differs from others.

Visual Culture

Using an annotated visual research journal, you will evaluate key practitioners and movements and their historical, cultural and political contexts.
